JVSC 12: A bill to require expedited reunification with stricter accountability for biological parents of children in foster care sponsored by Senator Ezriah Estrada.

SECTION 1: Be it enacted that biological parents must fulfill their permanency plan goals in a shorter more specific time frame to more promptly be reunified with their child/children.

Those parents will receive a maximum of six months to complete at least five of their permanency goals. If the parents have not completed five goals within this six-month period, then the state will immediately file TPR (termination of parental rights).

SECTION 2. Biological parents- the mother and father that provide the DNA of their child

State foster care- an agency that provides the child/children a safe haven by placing them in qualified homes to provide all of their basic needs until they can be reunified with their parents or adopted.

Permanency plan - specific objectives tailored for each individual parent so that he/she can regain custody of his/her child/children once successfully completed and achieve permanency for the child;

Termination of parental rights- removal of biological parent's /guardian's legal parental status in a child's life (terminating parent's rights) ending the legal relationship between the parent and child.

DCS- Department of Children's Services

SECTION 3. No extra funding needed for this legislation.

SECTION 4. This bill will be enforced by the Department of Children's Services for each state.

SECTION 5. All laws or parts of laws in conflict with this bill are hereby declared null and void.

Resolutions by Senator Ezriah Estrada for the bill sponsored by Senator Ezriah Estrada

WHEREAS, children taken into state custody suffer mentally and emotionally when a permanency plan lingers on for extended months or years;

And whereas, children having to be switched from biological parents, caregivers, and foster care offices are rather traumatized, tired, and confused.

And whereas, the prolonged time allowed for permanency goals to be met can create life long problems for the children such as learning disabilities, misbehavior, drug and legal tendencies.

And whereas, the financial burden of the state is increased by supplying multiple social workers, medical providers, therapists for the child/children in foster care. Attorneys are also provided for both parents as well as the child/children by the state.

And whereas, as long as biological parent is working five permanency plan goals successfully, then the parent may continue to work their plan in a timely fashion to provide optimal safe reunification with their child.

And whereas, the goal of this bill is to encourage biological parents/guardians to work their permanency plan in a timely manner.

And whereas, all parents with children in state custody should complete at least five of their permanency goals within a six month period or TPR will be filed at the end of the six month period immediately if these goals are not met.

be it RESOLVED, that on July 9, 2023 expedited reunification will be priority for all children placed in foster care which will provide stable normalcy within a specific time frame with target goal of six months.
